

The City of Trussville and Trussville Historical Board

Proudly announce approval for the construction of

Veterans Memorial In Civitan Park Parkway Drive at the Project Entrance

The focal point of the memorial will be a 3'7" by 24' pentagon tower of sandstone to match the Project entrance placed on a granite base. Each of the five facets of the 6' granite pentagon base will contain names of those from the Trussville area who served their country in the military. A 31' circular sandstone wall capped with limestone will serve as a seat-wall. Concrete walks will lead from the memorial to a circular drive and parking lot in the park.

Request for Engraving on Veterans' Memorial Monument

Disclaimer: While the City of Trussville is committed to the construction of this Veterans' Memorial Monument, construction will not begin until funds are made available through the fund raising efforts of the Trussville Historical Board. A ceremonial ground breaking will take place in September 2009, however, a beginning and completion date for construction is not known at the present time. All funds will be held in a separate bank account earmarked for this purpose.

Proof of military service is required. This can be discharge papers or other identification.

Please print legibly to ensure accuracy for engraving.

Name of Veteran			
Branch of Service			
War or Conflict			
Veteran's Rank			
Awards*			
Date Died in Combat			
Discharge Date			
Contributor Name			
Contributor Address			
Contributor Phone			
Office Use Only	Date Received	Amount	

* Purple Heart, Silver Star, Medal of Honor, etc.

I voluntarily make this donation for engraving the above name on the Trussville Veterans' Memorial Monument with the full knowledge that these funds will be held until sufficient amounts are raised to fund the construction of this memorial monument.
